## DONATE DIRECTLY TO A FAMILY!

A lot of us have items that are in perfect condition just sitting around the house. We have shoes, clothes, and toys that our children have outgrown and are still in perfect condition. Wouldn't you rather **PASS THEM ON** to someone who could use help in your neighborhood?

### Ways to give

**Give Items:** Find a neighbor with a child younger than your children and donate clothes, toys, books, etc. Save your cans and bottles for another family.

**Give Time:** Donate your service to someone in need. For example, if you are a hairdresser, offer to cut the family's hair.
